Re: *BellSouth Telecommunications, Inc.'s Statement of Generally Available Terms and Conditions Under Section 252(f) of the Telecommunications Act of 1996; Docket No. 7253-U*

Dear Mr. McAlister:

On August 27, 2001, BellSouth Telecommunications, Inc. ("BellSouth") filed a revised Attachment A to the Statement of Generally Available Terms and Conditions for Interconnection, Unbundling and Resale provided by BellSouth Telecommunications, Inc. in the State of Georgia ("SGAT"), which, in part, incorporated restructured physical collocation rates. As reflected in the cover letter that accompanied this filing, these restructured physical collocation rates are interim subject to true up once the Commission issues an order in Docket No. 14361-U. However, it has been brought to my attention that the legend identifying the collocation rates as interim subject to true up was inadvertently omitted from the revised Attachment A.

Accordingly, enclosed please find an original and eighteen (18) copies, as well as an electronic version, of a corrected Attachment A to the SGAT, which correctly identifies those collocation rates that are interim subject to true up. I apologize for this oversight and would appreciate your filing same and returning three (3) extra copies stamped "filed" in the enclosed self-addressed and stamped envelopes.

Very truly yours,

Bennett L. Ross
